

VEHICLE BREAKDOWN FIRST AID KIT

Part No. 102894

Trafalgar's Vehicle Breakdown First Aid Kit contains the basic safety essentials that drivers require. The 82 piece kit includes a hazard warning triangle to deploy in the event of a breakdown, high vis vest to improve driver visibility along with a range of first aid supplies specifically designed to provide immediate attention in a vehicle breakdown emergencies.

These contents are supplied in a tough boot bag with a velcro panel to help secure the bag to your car's carpeting.

This kit serves as an essential resource, enabling individuals to administer first aid before seeking assistance from a healthcare professional. These tools should be used in the event of most roadside emergencies or accidents while waiting for the appropriate services to arrive.

Please be advised that in the event of a major roadside emergency, this set of tools are not intended to act as an alternative to seeking medical attention, but are intended to serve as a complementary device to support in reducing the initial impact of any accident or tragedy that may have occurred.
