Available from

Designed for the professional tree workers who work mostly on the ground, this trousers offers a tough outer but is still full stretch, light and cool to wear.

### CERTIFICATION:

Certified by Bureau Veritas NZ Ltd to AS/NZS4453.3:1997.

### FEATURES:

- Uses Arrestex HP advanced chainsaw protection material which is light, cool and quick drying, rated to 20 m/s
- Lightweight design, less than 1 kg (Medium)
- Outer fabric, engineered to lower body temperature by dispersing body heat
- 4-way stretch fabric for greater freedom of movement and flexibility with elasticized thread in the seat for extra give
- High-tenacity nylon and a ripstop weave for a 1.5x stronger outer
- Abrasion resistant fabric over the knee, the inside of the calf and ankle areas increasing the durability in these high wear areas.
- Ultra-high tear strength UHMWPE fabric at the right calf to protect against small cuts caused by the chainsaw when hanging off the harness
- Elasticized waist for a snug fit and extra comfort
- Wide belt loops to fit up to 50 mm belt
- Stronger and more durable zippers with a better seal to reduce the risk of sawdust damage
- Two zipped hip pockets; two zipped thigh pockets individually sewn to be able to remove saw dust
- High-visibility panels front and rear
- Tough, large always open mesh vents at rear of both legs for cooling
- Lace hooks to prevent the pants from riding up
- Slim fit with just the right amount of fabric for easy movement
