Available from

## CERTIFICATION:

Certified by Bureau Veritas NZ Ltd to the Australian and New Zealand standard, AS/NZS 4453.3:1997 (20 m/s chainspeed).

## SHORT DESCRIPTION

Designed for the climbing arborist who works in hot conditions, these trousers are cool and light but still tough with a ripstop outer and abrasion resistant sections.

## LONG DESCRIPTION

The first generation of the Zero has been a game changer for the industry. The first lightweight, cool chainsaw trousers. With Zero, you don't sweat all day long when you are climbing.

The new Zero does the same as his older brother. But better. Like the original, it embraces your movements: you are able to stretch, climb and jump freely. With the Gen2, you get a number of improvements from tougher zips and an elasticized seat seam for extra give through to an ultra tough rear pad to prevent tears from your hanging chainsaw. Of course, Zero's fit and style stays the same. You will look good in the trees... or on the ground!

The Hi Vis Orange model take visibility to a new level.

### Chainsaw protection

- Uses Clogger's exclusive Arrestex HP chainsaw fabric which is light and breathable with 6 layers of advanced technical chainsaw protection.
- Arrestex HP includes ultra strong UHMWPE cut resistant fibers cross woven to improve multi-directional strike performance.
- Waist to ankle coverage with extra coverage on the left side to allow for movement if a chainsaw strikes.

### Outer construction and design

- The outer fabric incorporates COOLMAX® to lower body temperature by dispersing body heat and moisture.
- High-tenacity high vis orange polyester outer with 4-way stretch fabric for greater freedom of movement and flexibility with FlexZone in the seat seam for extra give.
- Abrasion resistant fabric over the knee, the inside of the calf and ankle areas increasing the durability in these high wear areas.
- Ultra-high tear strength UHMWPE fabric at the right calf to protect against small cuts caused by the chainsaw when hanging off the harness.
- Elasticized waist for a snug fit and extra comfort.
- Lock stitched seams and reinforced stress points.

### Tree people specific detail

- Tough, large cross flow mesh side vents for maximum cooling.
- 2 zipped hip pockets; 2 zipped thigh pockets individually sewn to be able to remove saw dust with an additional pocket on the left thigh. Lower pockets are all accessible while wearing a harness.
- Strong, durable zippers with a better seal to reduce the risk of sawdust damage.
- Special zipper pulls on the pockets to make accessing your pockets easy even when wearing gloves.
- Boot hooks made from durable plastic construction that has been reversed to prevent snagging on throw lines all while still securely holding trousers in place when climbing.
- Wide belt loops to fit up to a 50mm belt.
- Mesh lining for enhanced breathability.
- Opening at hems to remove debris.

### Weight

- Lightweight design, just under 1kg (Medium).

### Options

- Protection: Front only or front with 360 calf wrap for additional protection.
- Fit: Men's or Women's
- Size: XS - 3XL / 2XS - 2XL
- Leg Length: Short, Standard, Tall.
