CLOGGER CHAINSAW ARM PROTECTOR

DESCRIPTION

Whether you are climbing, in a bucket or on the ground, this arm protector gives you light, cool and comfortable protection from your elbow to your wrist. Now with an new ultra secure stretch thumbhole cuff.

Hand and arm injuries are common from simple scrapes to chainsaw injuries. The new Clogger arm protector is designed to be light, breathable, and flexible for complete freedom of movement.

The latest version is designed to protect your arm from the elbow to the wrist with a new stretch thumbhole cuff for a secure fit.

Chainsaw protection

- Uses Clogger's exclusive Arrestex HP chainsaw fabric which is light and breathable with 6 layers of advanced technical chainsaw protection.
- Arrestex HP includes ultra strong UHMWPE cut resistant fibers cross woven to improve multi-directional strike performance.

Outer construction and design

- Protective sleeve is housed in a hi-viz orange durable 100% polyester outer and mesh inner to further help with air flow.
- Includes a new stretch thumbhole cuff to prevent twisting and provide a secure fit so that protective coverage is held in place giving wrist to elbow coverage.

Tree people specific detail

- Incorporates an elbow strap with a Velcro fastening giving the option of tightening to keep saw dust and debris out or leaving open for maximum ventilation.

Options

- Sold individually (as left/right singles) - buy a left and right arm protector to get a pair.
- Size: S-L.

SAFETY WARNING

Like all Clogger products, the availability of Clogger arm protectors is not intended as an endorsement of unsafe practices but as the last line of defense to prevent potential injuries.
