

MEGA BULLET BIOSOFT™ EARPLUGS CLASS 5 CORDED / UNCORDED / METAL DETECTABLE CORDED

PRODUCT CODE: BSF-1-ANZ / BSF-30-ANZ / BSF-D-ANZ

BioSoft™

SUSTAINABLE BIO-BASED TECHNOLOGY

**MEGA
BULLET™ BIOSOFT™**

PRODUCT CODE:
BSF-1-ANZ

PRODUCT CODE:
BSF-30-ANZ

PRODUCT CODE:
BSF-D-ANZ

PRODUCT INFORMATION:

- Mega Bullet BioSoft™ are the world's first sustainable bio-based earplugs
- Made from 82% bio-based materials
- BioSoft™ ear plugs will decompose 76% in 180 days. Traditional PU or PVC ear plugs will remain unchanged
- Disposable foam earplugs, 100% PVC free
- Tapered shape for easy insertion and removal, with a slow, controlled rebound time
- Soft, smooth, low pressure for excellent comfort
- Independently tested SLC₈₀ 33dB Class 5
- Everything from the earplug, the cord (BSF-30 only), the stem, and even the bag, are bio-based
- Metal detectable (blue/BSF-D-ANZ) recommended for use in the food industry
- When stored in its original packaging, BioSoft™ maintains the same shelf life as standard PU foam ear plugs

APPLICATIONS:

- Mining
- Oil and Gas
- Construction
- Trades
- Manufacturing

CARE INSTRUCTIONS:

These ear plugs are disposable, but when not in use should be kept in clean, dry conditions.
