BradyPrinter S3100
SIGN & LABEL PRINTER

Easily print durable signs to increase safety & efficiency

With the S3100 Sign & Label Printer, you can print a wide range of signs and labels to increase safety and efficiency in any workplace. Safety signs, floor marking, 5S labels, lean labels, labels to identify racks, doors, stairs, bins, desks and chairs and CLP-labels to identify chemicals can all be printed with the S3100 at your location whenever you need them.

Label making made easy

- Intuitive built-in features offer ease of use so anyone can walk up and print labels
- Ideal for centralised locations and lean/5S events
- Compatible with powerful Brady Workstation label apps for added versatility

Automatic label setup

- Printers read critical information from the supply cartridge and automatically set it up so you can start printing immediately
- No more calibration or wasted labels, no print speed/burn temperature trial labels, no scrolling through screens to select a label and no wasted time setting up label dimensions or text size

20-second material changeovers

- "Drop in" ribbons and labels mean no complicated threading, assembling spindles, sensor adjustment or calibration steps
- You can get on with the job faster, giving you more time for other tasks

76.2 mm per second print speed

- Fast processing time and print speed means you don't have to wait around for your labels
