

Compliance Bollard Range

Efficient. Affordable. Compliant.

Ideal for:

- ✓ Battery energy storage system protection.
- ✓ Insurance/inspection-driven installs.
- ✓ Projects requiring a low-cost compliant solution without compromising on quality.

Not every job needs a premium bollard. Sometimes you just need something compliant, affordable, and in stock. The Compliance Range has been designed as an affordable solution for users where basic compliance and price are key factors.

“Meet the standard, skip the hassle.”

- ✓ Choose from 60 mm or 90 mm outside diameter
- ✓ Suitable for AS/NZS 5139:2019.
- ✓ 2mm wall thickness built for long-term use.
- ✓ 25mm Class 2 Red Reflective Tape for additional visibility.
- ✓ Fewer fixing points for quick, hassle-free installation.
- ✓ Fixings included - concrete or suitable solid substrates.
- ✓ Topped with a high-quality plastic cap for a neat finish.

PART CODE	DIAMETER	HEIGHT	WEIGHT	FINISH	COLOUR	INSTALLATION
C60SMCY	60 mm	900 mm	3.0 kgs	Powder-coated	Safety-yellow	Surface-mount
C60SMCW	60 mm	900 mm	3.0 kgs	Powder-coated	Gloss white	Surface-mount
C90SMCY	90 mm	900 mm	4.6 kgs	Powder-coated	Safety-yellow	Surface-mount
C90SMCW	90 mm	900 mm	4.6 kgs	Powder-coated	Gloss white	Surface-mount

Safety, simplified.
