

LEAD STAND

LEADSTANDS

Code No: BLS731

Designed with safety in mind!

- Keeps electrical leads and air hoses up off the ground in work areas and passageways.
- Prevents electrical and trip hazards
- Allows freedom of movement for machines and personnel
- Thumb screws on assembly and adjustment
- Extendable 1.5M to 2.6M
- Simple robust design
- Powder coated safety yellow for visibility
- Removable telescopic lead stand attachment makes the Lead Stand easy to store and transport

LEAD GRIP

Code No: BLG732

- Takes 8 electrical leads
- Takes 2 air hoses
- Made from insulating Polypropylene
- Easily replaced if necessary

BASE

Our round base gives stability to the Lead Stand, without getting in the way. Stand can be rolled around site to reduce lifting
